Disciplinary Action for Failure to Report Suspected Child Abuse

The school aims to create a safe, secure and supportive learning environment for students. It is expected that all teaching staff, non-teaching staff, outsourced staff, service providers,

volunteers and visitors working with students report all suspected cases of child abuse to the Child Protection Officer immediately.

Consequences for knowingly failing to report abuse or neglect or interfering with reporting:

Any teaching staff, non-teaching staff, outsourced staff, service provider, volunteer, or visitor working with students who suspect a child or a young person is being abused and/or neglected but fails to report such abuse or neglect or prevents someone from reporting the same will be subject to disciplinary action. The disciplinary action may include suspension or dismissal of an employee, discontinuation of contractual services, loss of volunteer privileges and informing local government authorities and/or the appropriate consulate.

Consequences for offences with respect to abuse or neglect:

If the school determines that teaching staff, non-teaching staff, outsourced staff, service providers, volunteers or visitors have directly or indirectly participated in any form of abuse or neglect toward or against a child or young person, the individual will face disciplinary action. Disciplinary action may include suspension or dismissal of an employee, termination of a contract or volunteer privileges and informing local government authorities, and/or appropriate consulate.
